

# Rotary Club of Brackley

Do you have

## Unwanted Hand Tools?

They may look worthless to you. . . . .

**but to others they're priceless**

Brackley Rotary Club is collecting old or unused hand tools to support the Tools for Self-Reliance Charity.

Please bring your hand tools to our coffee morning:

**The Community Room, Brackley Fire Station,  
Oxford Road, Brackley, NN13 7DY  
10.00am until 12 noon  
on Saturday 22 June 2019**

We need serviceable old or new hand tools – primarily carpentry and metal work, blacksmith's tools, metric taps and dies, and garden tools.

Tools will be serviced and boxed up by disadvantaged people in the Tools for Self Reliance centre in Northampton. The sets will go to the third world for distribution.

If you are unable to bring your contribution on the day, please email [watsonhinton@aol.com](mailto:watsonhinton@aol.com) and we will try to make a collection.

Working with Tools for Self Reliance, practical help for practical people
